Manufacturer of High Quality Frequency Control Products

NOTIFICATION OF END OF LIFE

Date: April 24, 2007

To: All Customers

Re: Product termination

To all of our valued Customer;

This notification is to inform you of the End of Life for the following Pletronics part number effective April 24, 2007.

Product Identification:

SM1145C family (4 lead plastic surface mount CMOS oscillators)

Reason for End of Life:

Declining market resulting with the closure of process lines for this type of oscillator.

Last time buy date:

June 30th, 2007 – Orders must be received and processed by June 30th. No other orders will be accepted after June 30th, 2007

Suggested Replacement:

For new designs, the suggested replacement is the **SM77** series oscillators, which would require a re-spin of the board to accommodate the smaller footprint size.

Please contact Pletronics directly if there are any questions.

Thank you,

Pletronics, Inc.
