

PG-3200 Field Programming Unit

Programming instrument to create oscillators, at a user specified frequency, within seconds IN THE FIELD

No programming skills needed to create finished oscillators from oscillator blanks

Programmable CMOS

Programmable output tri-state enable/disable or power-down feature

Programmable supply voltage level

PC/USB interface

Microsoft Windows compatible software

Programs all Pletronics QM products; QM22, QM33, QM44, QM55, QM77

Small size

Specifications:

Frequency Range: 1.000MHz to 160.000MHz

Acceptable Oscillator Packages: Package size 7050 (with Optional SC2000 Adapter)
Package size 5032 (with Optional SC5032 Adapter)
Package size 3225 (with Optional SC3225 Adapter)
Package size 2520 (with Optional SC2520 Adapter)
Package size 2016 (with Optional SC2016 Adapter)

Programmable Voltage Range:

QM series 1.8V - 1-125MHz
2.5V - 1-160MHz
3.3V - 1-160MHz

Oscillator Programming Options: Output Enable Function: Tristate only or
Power Down w/Tristate Option

Power Supply: USB driven

Power Supply: USB driven

Instrument Size : 120 x 70 x 25 mm (4.8" x 2.8" x 1")

User Interface: USB
Microsoft Windows 7 minimum, .NET Framework 4.8

Important Notice

Pletronics Incorporated (PLE) reserves the right to make corrections, improvements, modifications and other changes to this product at anytime. PLE reserves the right to discontinue any product or service without notice. Customers are responsible for obtaining the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to PLE's terms and conditions of sale supplied at the time of order acknowledgment.

PLE warrants performance of this product to the specifications applicable at the time of sale in accordance with PLE's limited warranty. Testing and other quality control techniques are used to the extent PLE deems necessary to support this warranty. Except where mandated by specific contractual documents, testing of all parameters of each product is not necessarily performed.

PLE assumes no liability for application assistance or customer product design. Customers are responsible for their products and applications using PLE components. To minimize the risks associated with the customer products and applications, customers should provide adequate design and operating safeguards.

PLE products are not designed, intended, authorized or warranted to be suitable for use in life support applications, weapons, weapon systems or space applications, devices or systems or other critical applications that may involve potential risks of death, personal injury or severe property or environmental damage. Inclusion of PLE products in such applications is understood to be fully at the risk of the customer. Use of PLE products in such applications requires the written approval of an appropriate PLE officer. Questions concerning potential risk applications should be directed to PLE.

PLE does not warrant or represent that any license, either express or implied, is granted under any PLE patent right, copyright, artwork or other intellectual property right relating to any combination, machine or process which PLE product or services are used. Information published by PLE regarding third-party products or services does not constitute a license from PLE to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from PLE under the patents or other intellectual property of PLE.

Reproduction of information in PLE data sheets or web site is permissible only if the reproduction is without alteration and is accompanied by associated warranties, conditions, limitations and notices. Reproduction of this information with alteration is an unfair and deceptive business practice. PLE is not responsible or liable for such altered documents.

Resale of PLE products or services with statements different from or beyond the parameters stated by PLE for that product or service voids all express and implied warranties for the associated PLE product or service and is an unfair or deceptive business practice. PLE is not responsible for any such statements.
