

Declaration statement regarding Persistent Organic Pollutants (POP)

EU Regulation 2019/2021 regarding persistent organic pollutants (POP) deals with the protection of human health and the environment against these substances.

The regulation also defines provisions about waste in which these substances are contained, or which are contaminated by these substances.

Pletronics, Inc. declares that according to regulation (EU) 2019/2021 there are no persistent organic pollutants in the products produced and supplied by us. This declaration also includes conformance with amendments 2024/2555, 2024/2570 and Delegated Regulation (EU) 2025/802.

This statement is primarily based on information provided to us by the upstream suppliers of materials used to produce our products.
